FINANCIAL SECTION

Independent Auditor's Report

Honorable Mayor and Town Council
Town of Lake Hamilton, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of Town of Lake Hamilton, Florida (the "Town"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risks assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Town as of September 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis* on pages 3-9 and the budgetary comparison information on page 40 and the schedule of changes in the total other postemployment benefits payable liability and related ratios on page 41 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 21, 2022, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

TOWN OF LAKE HAMILTON, FLORIDA

Management's Discussion and Analysis

September 30, 2021

As management of the Town of Lake Hamilton, Florida (the Town), we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended September 30, 2021. We encourage readers to consider the information presented here in conjunction with the basic financial statements beginning on page 10.

Financial Highlights

- The assets of the Town exceeded its liabilities at the close of the most recent fiscal year by \$9,610,672 (net position). Of this amount, \$1,288,650 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors compared to \$1,130,934 in the prior year.
- The government's total net position increased by \$2,014,707 as a result of operations compared to an increase of \$4,178 in the prior year.
- As of the close of the current fiscal year, the Town's general fund (governmental fund level) reported ending fund balance of \$1,423,159. Of this total amount, \$991,233 is available for spending at the government's discretion (unassigned and assigned fund balance) compared to \$1,130,934 in the prior year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements: The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner like a private-sector business.

The statement of net position presents information on all the Town's assets, liabilities, and deferred inflows and outflows of resources with the residual measure reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported in a manner like the approach used by private-sector business in that revenue is recognized when earned or established criteria are satisfied, and expenses are reported when incurred. Accordingly, revenues are reported even when they may not be collected for several months after the end of the year, and expenses are reported even though they may not have used cash during the current fiscal year.

Both government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Town include general government, building and code enforcement, law enforcement, streets, sanitation and parks and recreation. The business-type activities of the Town include the water and sewer department.

TOWN OF LAKE HAMILTON, FLORIDA

Management's Discussion and Analysis

September 30, 2021

The government-wide financial statements can be found on pages 10 and 11 of this report.

Fund financial statements: Funds are a group of self-balancing accounts. Funds are used to account for specific activities of the Town, rather than reporting on the Town as a whole. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the Town can be divided into two categories: governmental funds and proprietary funds.

Governmental funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town maintains one governmental fund, the general fund. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances.

Proprietary funds: The Town utilizes one type of proprietary fund, an enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town uses an enterprise fund to account for its water and sewer segments. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

Fiduciary Funds: Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. Fiduciary funds are not reported in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The Town maintains one fiduciary fund type; a custodial fund. The custodial fund reports resources, not in a trust, that are held by the Town for other parties outside of Town's reporting entity.

The governmental, proprietary and fiduciary fund financial statements can be found by referencing the table of contents of this report.

All the Town's funds are considered major funds.

TOWN OF LAKE HAMILTON, FLORIDA

Management's Discussion and Analysis

September 30, 2021

Notes to the financial statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information: In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Town's general fund's budgetary comparisons and changes in the other postemployment benefits obligation.

Government-wide Financial Analysis

The following is a summary of the information presented in the Statement of Net Position on page 10 of this report.

Statement of Net Position (Summary)
as of September 30,

	Governmental Activities		Business-type Activities		Total Primary Government	
	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>
Current and other assets	\$ 2,006,866	\$ 1,866,317	\$ 403,049	\$ 192,338	\$ 2,409,915	\$ 2,058,655
Capital assets	4,408,528	3,483,054	9,129,439	7,782,405	13,537,967	11,265,459
Total assets	<u>\$ 6,415,394</u>	<u>\$ 5,349,371</u>	<u>\$ 9,532,488</u>	<u>\$ 7,974,743</u>	<u>\$ 15,947,882</u>	<u>\$ 13,324,114</u>
Long-term liabilities outstanding	\$ 1,670,599	\$ 1,659,985	\$ 3,626,527	\$ 3,267,411	\$ 5,297,126	\$ 4,927,396
Other liabilities	607,108	322,174	432,976	418,636	1,040,084	740,810
Total liabilities	<u>\$ 2,277,707</u>	<u>\$ 1,982,159</u>	<u>\$ 4,059,503</u>	<u>\$ 3,686,047</u>	<u>\$ 6,337,210</u>	<u>\$ 5,668,206</u>
Net position:						
Net investment in capital assets	\$ 2,833,729	\$ 2,101,224	\$ 5,309,968	\$ 4,235,969	\$ 8,143,697	\$ 6,337,193
Restricted	27,284	27,270	151,041	160,511	178,325	187,781
Unrestricted	<u>1,276,674</u>	<u>1,238,718</u>	<u>11,976</u>	<u>(107,784)</u>	<u>1,288,650</u>	<u>1,130,934</u>
Total net position	<u>\$ 4,137,687</u>	<u>\$ 3,367,212</u>	<u>\$ 5,472,985</u>	<u>\$ 4,288,696</u>	<u>\$ 9,610,672</u>	<u>\$ 7,655,908</u>

Eighty-five percent (85%) of the Town's net position reflects its net investment in capital assets (e.g., land, buildings, sewer and water system, machinery, and equipment); less any related outstanding debt used to acquire those assets. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Two percent (2%) of the Town's net position represents resources that are subject to external restrictions on how they may be used and are reported as restricted net position. The remaining balance of unrestricted net position may be used to meet the government's ongoing obligations to citizens and creditors.

TOWN OF LAKE HAMILTON, FLORIDA

Management's Discussion and Analysis

September 30, 2021

The following is a summary of the information presented in the Statement of Activities on page 11 of this report.

Statement of Activities (Summary)

For the year ended September 30,

	Governmental Activities		Business-type Activities		Total Primary Government	
	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>
Revenues:						
<i>Program Revenues:</i>						
Charges for services	\$ 604,181	\$ 435,081	\$ 673,080	\$ 607,276	\$ 1,277,261	\$ 1,042,357

Change in Net Position	821,426	14,154	1,193,281	(9,976)	2,014,707	4,178
Net position - October 1	3,367,212	3,353,058	4,288,696	4,298,672	7,655,908	7,651,730
Restatement	(50,951)	-	(8,992)	-	(59,943)	-
Net position - September 30	\$ 4,137,687	\$ 3,367,212	\$ 5,472,985	\$ 4,288,696	\$ 9,610,672	\$ 7,655,908

Governmental activities: Governmental activities' change in net position for 2021 was an increase of \$778,366 as compared to an increase of \$14,154 for the prior year. The main reasons for the increase in the change in net position are as follows:

- Total revenue increased by \$993,945 or 55% mainly due to an increase in program revenues of \$880,618 (200%) due to \$664,675 in capital grants due to Federal Community Development Block Grant funding for the Town's current year stormwater improvements. Furthermore, charges for services, a component of program revenues, increased by \$169,100 due to fees collected related to new construction taking place within the Town and the Town recognized \$43,060 of American Rescue Plan State and Local Recovery Funds which is reported as an operating grant for the general government function.
- Total expenses increased by \$186,673 or 10% mainly due to a general increase in operational expenses of the general government and law enforcement functions.

TOWN OF LAKE HAMILTON, FLORIDA

Management's Discussion and Analysis

September 30, 2021

Business-type activities: Business-type activities increased the Town's net position by \$1,193,281 in 2021, compared to a decrease of \$9,976 in 2020.

The main reason for the improvement in the change in net position when compared to the prior year is mainly due to the following:

- \$65,804 increase in charges for services or 10%.
- \$1,339,180 increase in capital grants and contributions due to increased impact fees due to increased construction within the Town but mainly due to Federal (\$984,811), State (\$209,306) and Local (\$124,610) grants for water and sewer expansion projects.
- Expenses increased by \$204,916 or 31% due to a general increase in operating and noncapital expenses.

Financial Analysis of the Government's Funds

Governmental funds: The focus of the Town's governmental funds statements is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town's governmental fund (the general fund) reported ending fund balances of \$1,423,159, a decrease of \$135,707 in comparison with the previously reported balance in the prior year. Of this total, \$582,770 for the general fund constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance is nonspendable, assigned to the economic uncertainties emergency reserve or restricted by enabling legislation or contract and can only be spent on the purposes for which it is intended.

Activity during the current fiscal year included the following key components:

- Total governmental funds revenues increased by \$993,506 due to:
 - Increased revenues:
 - Tax revenue (\$84,157).
 - Charges for service (\$104,166).
 - Intergovernmental revenue (\$732,775).
 - Other revenue (\$7,474).
 - Licenses and permits (\$70,669)
 - Decreased revenues:
 - Fine and forfeitures (\$5,735).
- Total governmental funds expenditures decreased by 28% or \$657,557 mainly due to decreased capital outlay.

Proprietary funds: The Town's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail. The major changes between 2021 and 2020 are discussed above under the "business-type activities" heading.

TOWN OF LAKE HAMILTON, FLORIDA

Management's Discussion and Analysis

September 30, 2021

General Fund Budgetary Highlights

Actual revenue was more than the final budgeted amount by \$41,151, actual expenditures were \$778,829 less than the final budgeted amount and other financing sources (loan proceeds) were \$60,132 more than the final budgeted amount resulting in an overall favorable budget variance of \$880,112.

The original budget for the fiscal year ending September 30, 2021, was amended in November of 2021 resulting in a \$165,948 increase in budgeted revenue and a \$342,000 decrease in budgeted expenditures. The budget amendment mainly reflected capital expenditures and the related funding for projects that did not take place during the current fiscal year as originally anticipated.

Capital Assets and Debt Administration

Capital assets: The Town's investment in capital assets for its governmental and business type activities as of September 30, 2021, amounts to \$13,537,967 (net of accumulated depreciation) which is an increase of \$2,272,508. This increase is the result of current year additions in excess of depreciation expense.

Information on the Town's capital assets is summarized in the following table.

Capital Assets Activity

(net of depreciation)

as of September 30,

	Governmental Activities		Business-type Activities		Total Primary Government	
	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>
Land	\$ 348,426	\$ 348,426	\$ -	\$ -	\$ 348,426	\$ 348,426
Buildings and improvements	1,937,091	204,982	-	-	1,937,091	204,982
Utility system, infrastructure and improvements	-	-	6,039,805	6,221,808	6,039,805	6,221,808
Equipment	422,567	422,717	204,449	103,908	627,016	526,625
Construction in progress	746,697	1,528,329	2,885,185	1,456,689	3,631,882	2,985,018
Infrastructure	953,747	978,600	-	-	953,747	978,600
Total	<u>\$ 4,408,528</u>	<u>\$ 3,483,054</u>	<u>\$ 9,129,439</u>	<u>\$ 7,782,405</u>	<u>\$ 13,537,967</u>	<u>\$ 11,265,459</u>

Additional information on the Town's capital assets can be found in note 5 on page 30-31 of this report.

Long-Term Debt: As shown in the table below, the Town had total long-term debt outstanding of \$5,218,419 which represents an increase of \$302,936 (6%) over the prior year.

Revenue Notes and Notes Payable

as of September 30,

	Governmental Activities		Business-type Activities		Total Primary Government	
	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>

Total	<u>\$ 1,603,243</u>	<u>\$ 1,649,159</u>	<u>\$ 3,615,176</u>	<u>\$ 3,266,324</u>	<u>\$ 5,218,419</u>	<u>\$ 4,915,483</u>

Additional information on the Town's long-term debt can be found in note 6 on page 32-35 of this report.

TOWN OF LAKE HAMILTON, FLORIDA

Management's Discussion and Analysis

September 30, 2021

Economic Factors and Next Year's Budgets and Rates

It is anticipated that the following significant items will affect the 2022 fiscal year:

- Continued long-term debt payments for water and wastewater system long term debt.
- In December 2021, the Town purchased 19 acres of land to build a new wastewater treatment facility that is expected to cost approximately \$4,000,000 to be funded by grant/loans.
- The Town's millage rate for the 2022 fiscal year remained constant at 8.4276 and the taxable value of the taxable property within the Town increased by 5% resulting in budgeted 2022 ad valorem tax revenue of \$758,057 which is a \$21,568 increase over the 2021 actual ad valorem revenue received.

These significant factors were considered in preparing the Town's budget for the 2022 fiscal year and are expected to influence the Town's fiscal year 2022 financial results.

Requests for information

This financial report is designed to provide a general overview of the Town of Lake Hamilton, Florida, finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Town of Lake Hamilton, P.O. Box 126, Lake Hamilton, Florida 33851.

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Financial Statements

September 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its statements (GASBS) and interpretations (GASBI). The more significant accounting policies established in GAAP and used by the Town are discussed below.

A. REPORTING ENTITY

The Town of Lake Hamilton, Florida (the "Town") is a Municipal Corporation incorporated in 1925 by Chapter 10781, Laws of Florida. The Town operates under a council-town administrator form of government. These financial statements include all of the funds, organizations, agencies, and departments of the Town (the "primary government") and any "legally separate entities" ("component units") required by generally accepted accounting principles to be included in the reporting entity.

The accompanying financial statements present the Town's primary government and component units over which the Town exercises significant influence. Criteria for determining if other entities are potential component units of the Town which should be reported with the Town's basic financial statements are identified and described in the GASB *Codification of Governmental Accounting and Financial Reporting Standards*. The application of these criteria provides for identification of any entities for which the Town is financially accountable and other organizations for which the nature and significance of their relationship with the Town are such that exclusion would cause the Town's basic financial statements to be misleading or incomplete. A blended component unit, although legally separate, is in substance part of the Town's operations and presented in the financial statements as "blended" components. Blending refers to the fact that the component unit's funds are combined with those of the primary government for financial reporting purposes.

Based on these criteria, the financial reporting entity does not include or exclude any component units.

The financial reporting entity does not include the assets of the employee defined contribution pension plan, which were determined not to be assets of the Town.

B. BASIS OF PRESENTATION

The basic financial statements consist of the government-wide financial statements and fund financial statements.

Government-wide Financial Statements - The required government-wide financial statements are the Statement of Net Position and the Statement of Activities, which report information on all of the nonfiduciary activities of the Town. The effects of interfund activity have been removed from these statements. The Town's fiduciary fund is excluded from the government-wide financial statements since by definition these assets are being held for the benefit of a third party and cannot be used to fund activities or obligations of the government. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *Business-type activities*, which rely to a significant extent on fees and charges for support.

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Financial Statements

September 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont...)

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment, including depreciation. The Town does not allocate the interest expense of governmental fund debt or indirect costs such as finance, personnel, legal, etc. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements - The financial transactions of the Town are recorded in individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues and expenditures/expenses. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. GASB Cod. Sec 2200 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. Non-major funds by category are summarized into a single column. Due to the Town's fund structure, there were no non-major funds. The various funds are reported by type within the financial statements.

The following fund types and funds are used and reported by the Town:

Governmental Funds - The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental fund of the Town:

- **General Fund** is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Proprietary Funds - The focus of proprietary fund measurement is upon determination of operating income, changes in net position, overall financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the Town:

- **Enterprise funds** are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges, or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Town has one *Enterprise Fund* which accounts for the activities associated with providing potable water and sewer collection, treatment and disposal services to area residents.

Fiduciary Fund - The City also reports one fiduciary fund type; a custodial fund, which is used to account for impact fees collected on behalf of Polk County, Florida (the "County"). These funds are collected on behalf of the County as new construction takes place within the City and remitted to the County monthly.

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Financial Statements

September 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont...)

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide financial statements, and the proprietary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Imposed nonexchange resources (property taxes, fines) are reported as deferred inflows if received before the tax is levied or before the date when use is first permitted. Government mandated nonexchange transactions (grants) and voluntary nonexchange transactions (donations) resources are reported as liabilities until the eligibility requirements are met and as deferred inflows if received before time requirements are met.

Proprietary fund operating revenues generally result from producing and providing potable water services to area residents. Operating expenses for these operations include all costs related to providing the service or product. These costs include billing and collection, personnel and purchased services, repairs and maintenance, depreciation, materials and supplies, and other expenses directly related to costs of services.

All other revenue and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

Property taxes, franchise and public service taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual as revenue of the current period. Grant revenues are considered earned and are accrued simultaneously with the grant expenditure. In applying the susceptibility-to-accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended for the specific purpose or project before any amounts will be paid to the Town; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and substantially irrevocable; i.e. revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if they meet the availability criteria. All other revenue items are measurable and available only when cash is received by the government.

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Financial Statements

September 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont...)

D. ASSETS, LIABILITIES AND NET POSITION OR EQUITY

CASH AND CASH EQUIVALENTS – Cash is reflected as though it was pooled to conform to actual operations. The amounts reported as cash represent each fund’s recorded equity in the pool of cash. For purposes of the Statement of Cash Flows, all pooled cash is considered cash and cash equivalents. The caption “pooled cash and cash equivalents” includes all bank demand deposits, certificates of deposit, money-market and savings accounts and all short-term highly liquid investment securities with a maturity of three months or less when purchased. At September 30, 2021, all of the Town’s cash and investments met this definition.

RECEIVABLES - The Town accrues the unbilled service of its enterprise fund which represents the estimated value of service from the last billing date to year end and totaled \$33,936 at September 30, 2021. A reserve for doubtful accounts is maintained in the enterprise fund equal to the value of the utility customer receivables that are not expected to be collected. As of September 30, 2021, the reserve for uncollectible accounts totaled \$86,339.

INTERFUND BALANCES - To the extent any current interfund balances exist, management anticipates that they will be settled in cash as opposed to a permanent transfer.

INVENTORY - Enterprise fund inventories are valued at the lower of cost or market determined on a first-in, first-out basis.

CAPITAL ASSETS - In the government-wide financial statements capital assets include land, buildings, improvements, utility plant, infrastructure, and furniture and equipment. Governmental fund infrastructure assets (e.g., roads, bridges, sidewalks, streets, drainage systems and lighting system) acquired prior to October 1, 2003, have not been reported. Capital assets are defined by Town resolution as tangible property or improvements with an individual cost of \$1,000 or more and an estimated useful life in excess of two years. Such assets are recorded at historical cost, if purchased and at acquisition value at date of gift, if donated. Major additions are capitalized while maintenance and repairs which do not improve or extend the life of the respective assets are charged to expense.

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

Capital asset depreciation is recognized using the straight-line method over the estimated useful lives as follows:

	<u>Years</u>
Buildings	10-40
Improvements other than buildings	40-45
Machinery and equipment	3-5
Infrastructure	50

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Financial Statements

September 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont...)

RESTRICTED ASSETS – Restricted assets include cash and investments that are legally restricted to specific uses by external parties. The Town generally uses restricted resources first when an expense is incurred for which both restricted and unrestricted resources are available.

INTEREST COSTS - Interest costs incurred before the end of a construction period is a financing activity separate from the related capital asset and interest costs incurred before the end of the construction period are recognized as an expense in the period in which the cost is incurred. These interest costs are not capitalized as part of the historical cost of the capital asset.

DEFERRED OUTFLOWS/INFLOWS OF RESOURCES - In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and will *not* be recognized as an outflow of resources (expense/expenditure) until that time.

In addition to liabilities, the statement of net position will sometimes report a section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applied to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time.

LONG-TERM OBLIGATIONS - In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the bonds outstanding method. Debt issuance costs are reported as an expense in the period incurred. Bond premiums and discounts are reported, net of amortization, in the related debt balances shown in the financial statements. For current refundings and advance refundings resulting in defeasance of debt reported by governmental activities, business-type activities, and proprietary funds, the difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of interest expense over the remaining life of the old debt or the life of the new debt, whichever is the shorter. Long-term debt for governmental funds is not reported as liabilities in the fund financial statements; rather the debt proceeds are reported as other financing sources and payments of principal and interest are reported as expenditures.

COMPENSATED ABSENCES - Employees accumulate vacation leave ranging from 80 to 120 hours per year. The maximum number of vacation leave hours that may be accrued and carried forward shall not exceed 25% of their annual accrual rate. Any hours accrued in excess of 25% of their annual rate will be forfeited if not used by the end of each fiscal year. Accrued vacation is paid by the Town upon retirement or termination at the employee's current hourly rate of pay. Employees accumulate sick days at the rate of 12 days per year without limitation. The Town pays accrued sick leave to employees with at least 10 consecutive years of full-time service to the Town who separate employment in good standing. The amount of sick leave to be paid to eligible employees is 50 percent of accrued sick leave hours not to exceed 300 hours.

The liability for these compensated absences is recorded as long-term in the government wide statements and in the proprietary fund financial statements because the maturities are not determinable. In the fund financial statements, the governmental funds do not report the compensated absence liability because it is generally not payable from expendable available financial resources.

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Financial Statements

September 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont...)

INTERFUND TRANSFERS - Interfund transactions are reflected as either loans, services provided, reimbursements or transfers. Loans are reported as receivables and payables as appropriate, are subject to elimination upon consolidation and are referred to as either "due to/from other funds". Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances".

Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental and proprietary funds are netted as part of the reconciliation to the government-wide presentation.

CONNECTION FEES AND IMPACT FEES - Water connection fees represent reimbursement of the costs incurred to perform the connection of the respective utilities and are recorded as operating revenue when received. Impact fees, which are not considered connection fees since they substantially exceed the cost of connection, are recorded as capital contributions when received. Prepaid impact fees received, which reserve capacity in the Town's future water facilities, are deferred and reported as capital contributions when the requirements of the Developer agreements are met by the Town.

EQUITY CLASSIFICATIONS -

Government-wide Statements - The difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources is classified as net position and displayed in three components:

- *Net investment in capital assets* - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- *Restricted net position* - Consists of restricted assets reduced by liabilities related to those assets. Net position is reported as restricted only when restricted by outside parties or enabling legislation.
- *Unrestricted net position* - Consists of the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

When both restricted and unrestricted net position is available for use, it is the Town's policy to use restricted net position first, and then unrestricted net position as they are needed.

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Financial Statements

September 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

Fund Statements - The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Town is bound to honor the constraints on the specific purposes for which amounts in those funds can be spent. Spendable resources are to be shown as restricted, committed, assigned and unassigned as considered appropriate in the Town's circumstances. The following classifications describe the relative strength of the spending constraints:

- *Nonspendable* — amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.
- *Restricted* — amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- *Committed* — amounts constrained to specific purposes by formal action (ordinance) of the Town using its highest level of decision-making authority (the Town Council). To be reported as committed, amounts cannot be used for any other purpose unless the Town Council takes the same highest-level action (ordinance) to remove or change the constraint.
- *Assigned* — amounts that are constrained by the Town's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Town Council or through the Town Council delegating this responsibility to the Town Administrator through the budgetary process. The Town Council has not established a formal policy regarding authorization to assign fund balance amounts for a specific purpose.
- *Unassigned* — all other spendable amounts.

The Town uses restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

The Town has established an emergency reserve policy consisting of a base of \$125,000 plus the lesser of 18 percent of annual expenditures or two months of general fund operating expenditures. This Economic Uncertainties Fund is reported as assigned fund balance within the general fund.

USE OF ESTIMATES – The preparation of the basic financial statements in conformity with generally accepted accounting principles, as applicable to government entities, requires management to make use of estimates that affect the reported amounts in the basic financial statements. Actual results could differ from estimates.

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Financial Statements

September 30, 2021

NOTE 2 - PROPERTY TAX CALENDAR

Under Florida Law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The tax levy of the Town is established by the Town Council prior to October 1 of each year and the Polk County Property Appraiser incorporates the millages into the total tax levy, which includes the municipalities, the County, independent districts and the County School Board tax requirements. State statutes permit cities to levy property taxes at a rate of up to 10 mills. The Town's millage rate in effect for the fiscal year ended September 30, 2021 was 8.4276.

All taxes are due and payable on November 1 (levy date) of each year and unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment as follows: 4% in of November, 3% in December, 2% in January, 1% in February. The taxes paid in March are without discount. Delinquent taxes on real and personal property bear interest of 18% per year. On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on real property.

NOTE 3 - BUDGETARY LAW AND PRACTICE

The budget is adopted by Resolution on a Town-wide basis for all Town funds on or before October 1 of each year as required by State Statute. Town policy establishes the legal level of budgetary control at the department level. Expenditures may not exceed appropriations at this level. Within these control levels, management may transfer appropriations subject to notification of the Town Council; however, any revisions that alter the total expenditure of any fund must be approved by Ordinance. Budgets for all funds are adopted on the basis of cash receipts and disbursements which differs from the basis used for financial reporting purposes. These differences are usually not significant for the governmental funds; however they are for the enterprise fund as the budget includes capital outlay and debt principal repayments as expenses and does not include depreciation.

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Financial Statements

September 30, 2021

NOTE 4 - DEPOSITS AND INVESTMENTS

DEPOSITS IN FINANCIAL INSTITUTIONS - The Town's deposits are insured by the FDIC up to \$250,000 per financial institution. Monies invested in amounts greater than the insurance coverage are secured by the qualified public depositories pledging securities with the Chief Financial Officer, State of Florida ("CFO") in such amounts required by the Florida Security for Public Deposits Act. In the event of a default or insolvency of a qualified public depositor, the CFO will implement procedures for payment of losses according to the validated claims of the Town pursuant to Section 280.08 Florida Statutes.

INVESTMENTS - The types of investments in which the Town may invest are governed by State Statutes and Town Policy. According to State Statutes, the Town is authorized to invest in the following instruments: Local Government Surplus Funds Trust Fund, or any intergovernmental investment pool authorized through the Florida Interlocal Cooperation Act; S.E.C. registered money market funds with the highest credit quality rating from a nationally recognized rating company; interest-bearing time deposits and savings accounts in qualified public depositories and direct obligations of the U.S. Treasury.

According to Town policy, the Town is authorized to invest in obligations issued or unconditionally guaranteed by the U.S. Government or its agencies and instrumentalities, including open-ended mutual funds whose underlying securities are comprised of these securities, direct obligations of the U.S. Treasury, repurchase agreements, and certificates of deposit and savings accounts in State qualified public depositories.

The captions on the government-wide statement of net position for "cash and cash equivalents", both restricted and unrestricted, are summarized below. There were no investment securities maintained during the year.

Cash and cash equivalents:		
Cash on hand	\$	250
Deposits in financial institutions:		
Insured or fully collateralized bank deposits, including non-negotiable certificates of deposit		<u>1,631,372</u>
Total cash and cash equivalents	\$	<u><u>1,631,622</u></u>

The Town has no policy regarding custodial credit risk, concentration of credit risk, interest rate risk or foreign currency risk.

Less amounts due in one year				(77,017)	
Net long-term liabilities in excess of one year				\$ 3,549,510	

(*) – the previously reported October 1, 2020 long-term obligations were restated to include the other postemployment benefits obligation. The restatement was the result of implementing the provisions of GASB Cod. Sec. P52 – Postemployment Benefits Other Than Pensions. See Note 14 for more detail.

Notes to Long-Term Obligations Table

All the Town's long-term debt arose through direct borrowings or direct placements.

Governmental Activities:

- The equipment financing note 2018 is funding for a debris removal vehicle/loader in the amount of \$154,753. The equipment financing note bears interest at 4.12% and requires monthly payments of principal and interest of \$2,858 until maturity on October 17, 2023. The note is secured by the debris removal vehicle/loader.

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Financial Statements

September 30, 2021

Notes to Long-Term Obligations Table (cont...)

Governmental Activities (concluded):

- The equipment financing note 2021 is funding for a mobile radio system for the Town's Police Department in the amount of \$60,132. The equipment financing note bears interest at 3.88% and requires annual payments of principal and interest of \$13,488 until maturity in February 2025. The note is secured by the mobile radio system.
- The Capital Improvement Revenue Bond, Series 2018 was used to finance the construction, renovation, and improvements of the Town Hall complex. The original loan amount of \$1,055,000 was increased to \$1,550,000 in 2020. The bond bears interest at an annual rate of 3.75%. Principal and interest payments commenced on November 1, 2020 and are due semiannually on May 1st and November 1st of each year until maturity on November 1, 2039. The Town has pledged to appropriate non-ad valorem revenues to repay the bond.

Business-Type Activities:

- The State of Florida Department of Environmental Protection Revolving Fund Water Loan Agreement DW531610 is secured by the net revenues of the water system. The loan is payable semiannually with principal and interest payments due on December 15 and June 15. The loan bears interest at a weighted average rate of 2.74% with a final maturity of December 15, 2038. The loan agreement requires that funds be deposited into a sinking fund monthly at amounts which will fully fund the next succeeding principal and interest payments when due. The loan proceeds were used to purchase a hydrogen sulfide removal system for the Town water system.
- The USDA Rural Utilities Service Series 2012 Water Revenue Bonds are secured by the net revenues of the water system. The bonds bear interest at 2.75% with a final maturity of September 1, 2051. The bond proceeds were used to construct a new water plant. The bonds require the maintenance of sinking and reserve funds.
- The Water System Revenue Bond Anticipation Note, Series 2020 was a non-revolving draw down line of credit in the amount of \$1,255,000 that was used as interim financing for water distribution system improvements and expansions. The note bore interest at 2.40% with interest due and payable monthly until permanent financial was provided by the United States Department of Agriculture, Rural Development ("USDA") in December 2020.
- The Water System Revenue Bond, Series 2020 is secured by a senior claim on the net revenues of the water system. The bond bears interest at 1.25% with a final maturity of December 18, 2060. The bond proceeds were used to payoff the Water System Revenue Bond Anticipation Note, Series 2020. The bond requires the maintenance of sinking and reserve funds.

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Financial Statements

September 30, 2021

Notes to Long-Term Obligations Table (cont...)

- The State of Florida Department of Environmental Protection Revolving Fund Water Loan Agreement WW531640 is secured by the amounts on deposit in the loan repayment reserve bank account. The loan is payable semiannually with principal and interest payments due on November 15 and May 15. The loan bears interest at a rate of .47% per annum with a final maturity of May 15, 2041. The loan agreement included a \$209,306 principal forgiveness grant that was applied to the outstanding balance on May 15, 2021. The loan agreement requires the amounts on deposit in the loan repayment reserve bank account be at least equal to the outstanding principal due on the non-grant forgiveness portion of the loan. Because of this, a sinking fund is not required. The amounts on deposit in the loan repayment reserve bank account on September 30, 2021 was \$57,961. The loan proceeds were used to construct a gravity sewer system and a master pumping station to transfer wastewater.

Maturities: Annual requirements to repay all bonds, notes payable and lease obligations of the business-type activities as of September 30, 2021, were as follows:

Fiscal Year Ending	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2022	\$ 100,379	\$ 59,777	\$ 77,017	\$ 82,030

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Financial Statements

September 30, 2021

Notes to Long-Term Obligations Table (concluded)

The long-term debt obligations all allow for the lenders to take whatever legal actions necessary to collect the amounts due in the event of default. The following debt obligations have additional remedies in the event of default as follows:

- Equipment financing note – The lender has a right to terminate the Town’s right to use the equipment and has the right to forcibly repossess and sell or otherwise dispose of the equipment and apply the net proceeds of the disposition towards the amount owed by the Town. The Town would remain liable for any deficiency while any sale proceeds in excess of the amounts owed is retained by the lender.
- Water system revenue bonds, Series 2012 and Series 2020 – The lender may declare the entire outstanding principal amount and accrued interest immediately due and payable, incur and pay reasonable expenses for repair, maintenance and operation of the utility systems and such other reasonable expenses as may be necessary to cure the cause of default or take possession and repair, maintain, rent or operate the systems.
- DW531610 and WW531640 installment notes to FDEP – The lender, subject to the rights of superior liens on the pledged revenues, may request a court to appoint a receiver to manage the Town’s utility systems, intercept the delinquent amount from any unobligated funds due to the Town under any revenue or tax sharing fund established by the State of Florida, impose a penalty in the amount not to exceed a rate of 18 percent per annum on the amount due, notify financial market credit rating agencies and potential creditors and may accelerate the repayment schedule or increase the interest rate on the unpaid principal of the loan to as much as 1.667 times the loan interest rate.

NOTE 7 - INTERFUND TRANSACTIONS

Interfund Receivables and payables as of September 30, 2021:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Enterprise Fund	\$ 199,788

Interfund transfers for the year ended September 30, 2021, consisted of:

There were no interfund transfers during the year ended September 30, 2021.

Other interfund transactions:

The Town’s enterprise fund charged \$3,175 for the water supplied to general fund operations.

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Financial Statements

September 30, 2021

NOTE 8 - DEFINED CONTRIBUTION PENSION PLAN

The Town Council has established by Resolution an Internal Revenue Code Section 457 and a 401(a) defined contribution pension plan. The plan trust is administered by the Florida League of Cities, Inc. and the assets of the plans are not considered part of the Town's reporting entity. Participation is voluntary, and the employee determines the amount of their contribution. Employees that participate in the plan may contribute up to the lesser of \$7,500 or 33 1/3% percent of their wages. The Town contributes a matching amount up to 5.5% of each employee's wages. Pension costs are accrued and funded on a current basis and all required contributions for the year were made. Contributions for the fiscal year ended September 30, 2021 totaled \$85,500 which consisted of \$56,380 contributed by employees and \$29,120 contributed by the Town. The Town's payroll totaled approximately \$973,205, of which pension contributions were provided on approximately \$529,600.

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS

The Town follows GASB Cod. Sec. P50 for certain postemployment health care and dental benefits provided by the Town.

Plan Description – The Other Postemployment Benefits Plan (OPEB Plan) is a single employer defined benefit plan administered by the Town. The OPEB Plan allows employees who retire and meet retirement eligibility requirements under the Town's defined contribution plan to continue medical insurance coverage as a participant in the Town's health insurance plan.

Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the Town are eligible to participate in the Town's healthcare and life insurance benefits. The Town subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan on average than those of active employees.

The Town does not offer any explicit subsidies for retiree coverage. The OPEB Plan doesn't issue a stand-alone financial report and is not included in the annual report of a public employee retirement system or another entity.

There are currently 18 active plan members and no inactive plan members who are receiving benefits.

Funding Policy – Currently, the Town's OPEB benefits are unfunded. The Town has not advance-funded or established a funding methodology for the annual other postemployment benefit (OPEB) costs or the OPEB obligation, and the OPEB Plan is financed on a pay-as-you-go basis.

Benefits Provided – The benefits provided are the same as those provided for active employees. Spouses and dependents of eligible retirees are also eligible for medical coverage. All employees of the Town who meet the eligibility requirements of the Town's defined contribution plan are eligible to receive postemployment health care benefits. All retiree, spouse and dependent coverage is at the expense of the retiree.

TOWN OF LAKE HAMILTON, FLORIDA

September 30, 2021

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (cont...)

Total OPEB Liability – The Town’s total OPEB liability was determined by an actuarial valuation as of October 1, 2019 updated to September 30, 2021 (measurement date) using the assumptions below.

Inflation	2.50%
Salary Increases	2.50%
Discount Rate	2.43%
Initial Trend Rate	7.50%
Ultimate Trend Rate	4.00%
Year to Ultimate Trend Rate	55

For all lives, mortality rates were PubG-2010 Mortality Tables projected to the valuation date using projection scale MP-2019.

Discount Rate – The discount rate was based on a high-quality municipal bond rate of 2.43%. The high-quality bond rate was based on the week closest but not later than the measurement date of the S&P Municipal Bond 20 Year High Grade Rate Index as published by S&P Dow Jones Indices. The S&P Municipal Bond 20 Year High Grade Rate Index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years. Eligible bonds must be rated AA by Standard and Poor’s Ratings Services, Aa2 by Moody’s or AA by Fitch, if there are multiple ratings, the lowest rate is used.

OPEB Expense – For the year ended September 30, 2021, the Town recognized OPEB expense of \$10,642.

Changes in Total OPEB Liability:

	Total OPEB Liability
Reporting period ending September 30, 2020	\$ 59,944
Changes for the year:	
Service cost	9,574
Interest	1,476
Changes of assumptions	(2,058)
Benefit payments	(1,126)
Net changes	<u>7,866</u>
Reporting period ending September 30, 2021	<u>\$ 67,810</u>

Sensitivity of the Total OPEB Liability to changes in the discount rate - The following presents the total OPEB liability of the Town, as well as what the Town’s total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

	1% Decrease (1.43%)	Discount Rate (2.43%)	1% Increase (3.43%)
Total other postemployment benefits liability	\$ 75,340	\$ 67,810	\$ 61,410

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Financial Statements

September 30, 2021

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (concluded)

Sensitivity of the Total OPEB Liability to changes in the healthcare cost trend rates – The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease (1.43%)	Discount Rate (2.43%)	1% Increase (3.43%)
Total other postemployment benefits liability	\$ 75,340	\$ 67,810	\$ 61,410

NOTE 10 - RISK MANAGEMENT AND LITIGATION

During the ordinary course of its operations, the Town is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions, injuries to employees, and natural disasters. The Town maintains commercial insurance coverage in amounts management feels are adequate to protect and safeguard the assets of the Town. There have been no significant reductions in coverage nor have settlement amounts exceeded the Town's coverage during the year ended September 30, 2021 or the previous two fiscal years. In the opinion of the Town's management and legal counsel, legal claims and litigation are not anticipated to have material impact on the financial position of the Town. The Town's workers compensation coverage is provided through a nonassessable, nonprofit, tax-exempt risk sharing pool. Settled claims resulting from these risks have not exceeded insurance coverage.

NOTE 11 - COMMITMENTS AND CONTINGENCIES

The Town participates in several programs that are fully or partially funded by grants received from Federal, state, or county agency sources. Expenditures financed by grants are subject to audit by the appropriate grantor government/agency. If expenditures are disallowed due to non-compliance with grant program regulations, the Town may be required to reimburse the grantor government/agency. As of September 30, 2021, the Town believes that disallowed expenditures discovered in subsequent audits, if any, will not have a material effect on any of the individual funds or the overall financial position of the Town.

NOTE 12 - FUTURE REVENUES THAT ARE PLEDGED

The Town has pledged various future revenue sources for various debt issues. For the water system, the Town has pledged future revenues, net of certain operating expenses. The following table provides a summary of the pledged revenues for the Town's outstanding debt issues. Additional information regarding the Town's pledged revenue can be found in note 6.

	Total Principal and Interest Outstanding	Current Year Principal and Interest Paid	Current Year Revenue	% of Revenues to Principal and Interest Paid
Pledged Revenue				
Water system net revenue	\$ 4,982,359	\$ 116,561	\$ 112,024	96.11%

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Financial Statements

September 30, 2021

NOTE 13 – JOINT VENTURE

Background - The Polk Regional Water Cooperative (PRWC) was created on April 1, 2016 by a interlocal agreement between the Town of Lake Hamilton, City of Auburndale, City of Bartow, City of Davenport, Town of Dundee, City of Eagle Lake, City of Fort Meade, City of Frostproof, City of Haines City, City of Lake Alfred, City of Lakeland, City of Lake Wales, City of Mulberry, Polk City, City of Winter Haven, and Polk County in accordance with Chapters 163 and 373 of the Florida Statutes.

These local government units are collectively considered the Member Governments. The PRWC is a separate legal entity organized under the laws of the State of Florida, and the Member Governments have no equity ownership in the PRWC.

The PRWC is devoted to encouraging the development of fully integrated, robust public water supply systems comprised of diverse sources managed in a manner that take full advantage of Florida's intense climatic cycles to ensure reliable, sustainable and drought resistant systems which maximize the use of alternative water supplies to the greatest extent practicable. The PRWC will evaluate, plan and implement water projects and coordinate partnerships with other water users.

The terms of the interlocal agreement require each Member Government to contribute their proportionate share of the PRWC's annual working capital needs which are established annually by a resolution of the PRWC's Board of Directors. For the year ended September 30, 2021, the total annual working capital needs of the PRWC was \$198,000 of which the Town's proportionate share was \$940.

Complete financial statements of the PRWC may be obtained from the PRWC's Executive Director at 330 W. Church Street, P.O. Box 9005, Drawer CA01, Bartow, FL 33831-9005.

NOTE 14 – IMPLEMENTATION OF ACCOUNTING PRINCIPLE

During the fiscal year ended September 30, 2021, the Town reassessed their estimated OPEB liability and has deemed the estimated liability to be material and therefore the Town has implemented the provisions of GASB Cod. Sec. P52 – *Postemployment Benefits Other Than Pensions*. In the past, the estimated liability was deemed immaterial and was not reflected in the financial statements. Beginning net position was restated to reflect the recorded of the total OPEB liability as of September 20, 2020.

NOTE 15 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Compliance with Finance Related Legal and Contractual Provisions - the Town had no material violations of finance related legal and contractual provisions with the exception that the Town's water segment did not generate sufficient net revenues to satisfy the debt service coverage requirement of the DW531610 installment note to FDEP. The net revenues were \$6,300 less than the minimum required by this installment note.

Deficit Fund Balance or Net Position of Individual Funds - As of September 30, 2021, no individual fund had a deficit fund balance or net position deficit.

Excess of Expenditures Over Budget Appropriations in Individual Funds - For the year ended September 30, 2021, no budgetary fund department had an excess of expenditures over appropriations except for the law enforcement's functional expenses exceeded budgeted appropriations by \$21,741 mainly because the financed purchased of new mobile radios were not budgeted.

TOWN OF LAKE HAMILTON, FLORIDA

Notes to the Schedule of Expenditures of Federal Awards

Year ended September 30, 2021

NOTE 1 – GENERAL - The accompanying schedule of expenditures of federal awards represents the activities of all federal grant and loan activity of the Town of Lake Hamilton, Florida (the Town) for the year ended September 30, 2021.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Presentation – The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirement for Federal Awards Subpart F. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements of the Town.

Basis of Accounting – The expenditures in the accompanying schedule of expenditures of federal awards are presented using the same basis of accounting as the fund in which the grant is recorded, generally the accrual or modified accrual basis, as described in Note 1 to the Town's financial statements.

NOTE 3 – INDIRECT COST - The Town currently does not have a negotiated indirect cost rate for federal awards received. The Town has also elected not to charge the de minimis indirect cost rate of 10% allowed by §200.141, Indirect (F&A) costs, of the Uniform Guidance, to all federal awards.

NOTE 4 – CONTINGENCIES - The grant revenue amounts received are subject to audit and adjustment. If any expenditures or expenses are disallowed by the grantor agencies as a result of such an audit, any claim for reimbursement to the grantor agencies would become a liability of the Town. In the opinion of management, all grant expenditures are in compliance with the terms of the grant agreements and applicable federal and state laws and regulations.

Grant monies received and disbursed by the Town are for specific purposes and are subject to review by the grantor agencies. Such reviews potentially may result in disallowed expenditures.

NOTE 5 – NON-CASH CONTRIBUTIONS – The Town did not receive any federal non-cash assistance, including personal protection equipment for the fiscal year ended September 30, 2021.

**Independent Auditor's Report on Compliance for Each Major Federal
Program and on Internal Control Over Compliance Required
by the Uniform Guidance**

Honorable Mayor and Town Council
Town of Lake Hamilton, Florida

Report on Compliance for Each Major Federal Program

We have audited the Town of Lake Hamilton, Florida (the "Town") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Town's major federal programs for the year ended September 30, 2021. The Town's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal awards and state financial assistance applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Town's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with: auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General of the State of Florida. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Town's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Town's compliance.

Opinion on Each Major Federal Program

In our opinion, the Town complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2021.

Report on Internal Control Over Compliance

Management of the Town is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Town's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, Rules of the Auditor General of the State of Florida, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program and state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program and state project that is less than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of the report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, Rules of the Auditor General of the State of Florida. Accordingly, this report is not suitable for any other purpose.

Ramos & Floyd CPAs PLLC

Lakeland, Florida
February 21, 2022

TOWN OF LAKE HAMILTON
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED SEPTEMBER 30, 2021

2021-001: Compliance with Debt Covenant

Type of Finding: Material Noncompliance

Criteria or specific requirement: Management is responsible for establishing and maintaining compliance with debt covenants.

Condition: During the current fiscal year, the Town failed to generate sufficient net revenues to satisfy the debt service coverage requirement of the DW531610 installment note to FDEP. The net revenues were \$6,300 less than the minimum required by this installment note.

Context: The above condition was noted during the year in total.

Cause: The Town's water usage billing rates are insufficient to meet the net revenue requirement.

Effect: The insufficient water usage billing rates may lead to the Town's inability to meet the repayment obligations.

Repeat Finding: No.

Recommendation: We recommend the Town increase its water usage billing rates.

Views of responsible officials: Management concurs with this recommendation.

2021-002: Compliance with Budgeted Expenditures

Type of Finding: Material Noncompliance

Criteria or specific requirement: Management is responsible for maintaining compliance with budgeted expenditures.

Condition: During the current fiscal year, the Town law enforcement's functional expenses exceeded budgeted appropriations by \$21,741.

Context: The above condition was noted during the year for total expenditures.

Cause: The Town purchased equipment mobile radios not included in the annual budget.

Effect: Actual expenditures exceeded budgeted expenditures.

Repeat Finding: No.

Recommendation: We recommend the Town expend within the adopted budget.

Views of responsible officials: Management concurs with this recommendation.

**Independent Auditor's Report on Internal Control
Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance with Government Auditing Standards**

Honorable Mayor and Town Council
Town of Lake Hamilton, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of the Town of Lake Hamilton, Florida (the "Town") as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated February 21, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Lake Hamilton's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant weakness* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described as items 2021-001 and 2021-002.

Town of Lake Hamilton, Florida's Response to Findings

Town of Lake Hamilton, Florida's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Town of Lake Hamilton, Florida's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Town's internal control or on compliance. This report is an integral part of an audit performed in accordance with the *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Ramos & Floyd CPAs PLLC

Lakeland, Florida
February 21, 2022

**Independent Accountants' Examination Report on Compliance
With the Requirements of Section 218.415, *Florida Statutes***

To the Members of the Town Council of
Town of Lake Hamilton, Florida

We have examined the Town of Lake Hamilton, Florida's (the "Town") compliance with Section 218.415, *Florida Statutes*, concerning the investment of public funds during the year ended September 30, 2021. Management is responsible for the Town's compliance with those requirements. Our responsibility is to express an opinion the Town's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Town complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Town complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Town's compliance with specified requirements.

In our opinion, Town of Lake Hamilton, Florida complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2021.

Ramos & Floyd CPAs PLLC

Lakeland, Florida
February 21, 2022

Independent Auditor's Management Letter

Honorable Mayor and Town Council
Town of Lake Hamilton, Florida

Report on the Financial Statements

We have audited the financial statements of the Town of Lake Hamilton, Florida (the "Town"), as of and for the year ended September 30, 2021, and have issued our report thereon dated February 21, 2022.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountant's Examination Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated February 21, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address significant findings and recommendations made in the preceding annual financial audit report. Corrective actions were not necessary as there were no significant findings or recommendations made in the prior year annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. For the legal authority of the Town of Lake Hamilton, Florida, refer to the summary of significant accounting policies in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.558(2), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Town of Lake Hamilton, Florida has met one or more of the specific conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Town of Lake Hamilton, Florida did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Section 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the Town of Lake Hamilton, Florida's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts and grant agreements, or abuse, that have occurred, or are likely to occur, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance in connection with our audit. In connection with our audit, we did not have any such findings.

Purpose of this Letter

This management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Mayor, Town Council and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.
